January 2024 – Australia

Wilo Australia & New Zealand Price Book

Pumps, systems and components for Building Services, Water Management and Industry.

Effective 1st January 2024. GST not included. Subject to change.
In conjunction with our General Terms and Conditions of Supply.

German Engineering for Australian conditions

WILO PROFILE

The Wilo Group is one of the world's leading providers of pumps and pump systems for the building services, water management and industrial sectors. In the past decade, we have developed from a hidden champion into a visible and connected champion. Today, Wilo has around 8,000 employees worldwide.

Our [innovative solutions](#), smart products and individual services move water in an intelligent, efficient and climate-friendly manner.

We are also making an important contribution to climate protection with our sustainability strategy and in conjunction with our partners. We are systematically pressing ahead with the digital transformation of the Group. We are already the [digital pioneer in the industry](#) with our products and solutions, processes and business models. service partners worldwide work around the clock for Wilo. This ensures our customers are looked after all over the world.

A man with a beard and safety glasses, wearing dark overalls over a white t-shirt, is looking down at a tablet computer he is holding with both hands. He is standing in what appears to be a workshop or industrial setting. The background is blurred, showing some industrial equipment.

Start the ecolution

Save electricity – start the ecolution!

Wilo pumps guarantee maximum energy efficiency. Therefore, trust in energy efficiency and innovation: Replace your outdated pumps and start the “ecolution” with us! Email us at sales.au@wilo.com

>2,500

More than 2,500 service engineers support Wilo's customers around the world.

1.48 BILLION EURO

The Wilo Group was able to report a sales record of 1.48 billion euro in 2019.

~8,000

Wilo employ ~ 8,000 people.

~10 MILLION

Wilo produces around ten million pumps annually.

Terms and Conditions

Wilo's General Terms of Delivery and Service can be found in the back of this price book and the latest version is online at www.wilo.com/au/en/Local-Information/Legal/

This price list supersedes all previous price documentation which thus become invalid. All product illustrations of

respective product series are only symbolic presentations.

Wear and Tear

Pumps or parts of pumps are subject to wear in accordance with the current technical standards (DIN 31051/DIN-EN 13306). We do not accept liability for faults or defects arising from natural wear and tear.

Wear may vary depending on the operating parameters (temperature, pressure, speed, water conditions) and the installation/usage situation and may result in the failure of the above products/components, including their electrical/electronic circuits, at different times. Wear or wearing parts are all components subject to rotary or dynamic stress, including electronic components to which voltage is applied, including in particular:

- Gaskets (including mechanical seals), seal rings.
- Stuffing boxes.
- Bearings and shafts.
- Impellers and pump components.
- Impeller wear ring and casing wear ring.
- Wear rings / wear plates.
- Macerator
- Condensers.
- Relays/contactors/switches.
- Electronic circuits
- Semiconductor components etc.

Residential Water Supply

Our residential products offer you, your customers and end-users smart, efficient, quality pumps and pump systems for their homes and investments.

HiMulti 3C pump range

Special features/product advantages

- Plug & play design with Wilo HiControl1 – Genuine European Pressure Controller
- High efficient hydraulic, low electricity consumption and very compact thanks to motor optimisation
- Low-noise design between 56 dB(A) and 64 dB(A)
- Self-priming capabilities up to 8m
- Manufactured in Europe
- AS/NZS 4020 approved for drinking water
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Visit us at wilo.com.au or call us on 07 3907 6900 for more information

Wilo-Jet WJ

Self-priming household jet pump for rainwater supply

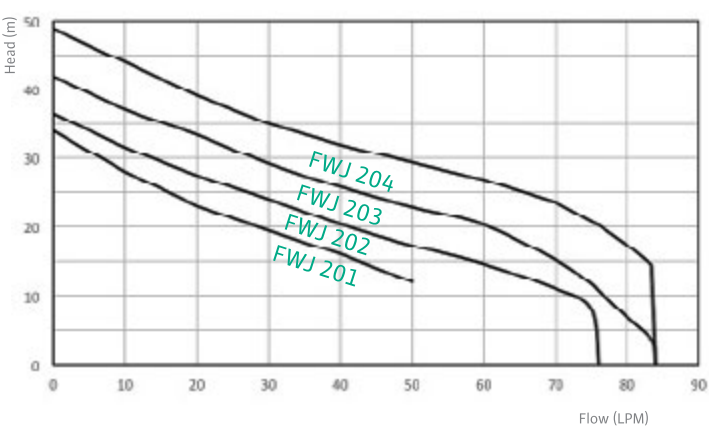

- User-friendly thanks to its light weight and compact size
- High supply guarantee due to hydraulic output, self-priming up to 8 m; even at a low flow rate
- Robust stainless steel construction for durable operation, impeller, shaft and housing made of AISI 304
- AS/NZS 4020 approved for drinking water
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Wilo-Jet FWJ

Self-priming household jet pump for rainwater supply

- Self-priming pumps and systems
- Automatic pump control and dry-run protection via Wilo-FluidControl
- Full stainless steel hydraulic assembly including impeller
- Self-priming capabilities up to 8m
- Plug & Play Hi Control
- AS/NZS 4020 approved for drinking water
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Wilo-Jet FWJ
New AS/NZS electrical safety compliant version, featuring new controller available soon

Wilo – Water Widget					Price Group: PG14
Type	Max Pressure material	Max Flow Rate	Article No.	List Price	
	Mains Pressure/Pump Pressure	lpm			AUD (\$)
Wilo Water Widget	1,050 kPa / 1,050 kPa	200	2999999	\$456	

A nighttime photograph of a city skyline. In the foreground, a multi-lane highway with green-painted lanes curves through a dark, wooded area. A bridge with a decorative railing crosses over a small stream or canal. In the background, a dense cluster of skyscrapers is illuminated against a dark blue sky. Two prominent towers stand out: one with a pointed top and another with a more traditional rectangular shape. The overall scene suggests a modern urban environment with infrastructure and green spaces.

Commercial Water Supply

Wilo–Medana

Non-self-priming horizontal multistage transfer pump

- High hydraulic efficiency
- Non-self-priming pump tailored for industrial and heavy-duty applications
- Quick and easy commissioning
- Reliable and robust design with low noise emissions.
- Corrosion-resistant lantern with cataphoretic coating
- Suitable for use in ambient temperatures of up to 50 °C.
- AS/NZS electrical safety compliant
- AS/NZS 4020 approved

Product Category

Wilo-Helix V

High efficiency non-self-priming vertical multistage pumps

- Non-self priming high-efficiency vertical multistage pump
- Cartridge type mechanical seal for ease of maintenance
- Degree of protection: IP55
- Flow-optimised hydraulics for low NPSHr and high hydraulic efficiency
- All models feature pump casing and hydraulics AISI 304 stainless steel
- AS/NZS 4020 approved

Wilo-Helix VE

Non-self priming vertical multistage pump with integral variable speed drive

- Non-self-priming high-efficiency vertical multistage pump
- Integral variable speed drive with Green-Button technology allowing easy programming
- Cartridge type mechanical seal for ease of maintenance
- Degree of protection: IP55
- 2 external potential free contacts for pump On/Off and dry running sensor
- BMS connectivity is possible using an external module (sold separately)
- All versions feature pump and hydraulics in AISI 304 stainless steel
- Pressure sensor not supplied with pump (available to purchase as an accessory)
- AS/NZS 4020 approved

Wilo-SiBoost Smart 1 Helix VE

Compact variable-speed pressure boosting system

- High-efficiency, connection-ready water supply pressure boosting system
- Galvanized steel base frame with height-adjustable vibration absorbers
- Degree of protection: IP55
- Pressure sensor mounted on discharge for low-water protection and automatic pump control
- Integral variable speed drive with Green-Button technology allowing easy programming
- This system does not currently include WaterMark Certification

Wilo-SiBoost Smart 2 Helix VE

Dual variable speed vertical multistage pressure boosting system

- High-efficiency, connection-ready water supply pressure boosting system
- Galvanized steel base frame with height-adjustable vibration absorbers
- Complete pipework made of stainless steel
- Pressure sensor mounted on discharge for low water protection and automatic pump control
- Integral variable speed drive with Green-Button technology allowing easy programming
- Two vertical Helix VE series vertical multistage pumps switched in parallel
- This product does not currently include WaterMark Certification

Wilo Engineered Borehole Products

Pumps and systems for
effective and efficient
utilisation of water

Wilo offers professional solutions for complex requirements in ground water extraction, town water supply, offshore water pumping, and dewatering. Wilo pumps and systems for water management continue to set new standards in regard to performance, efficiency and sustainability.

Wilo has developed special pumps and components for water purification systems that are also capable of handling a variety of water compositions and degrees of hardness.

Our high-performance solutions for our partners and users are designed to transport water as far and as efficiently as possible.

Actun Zetos

Wilo-PD300-EA

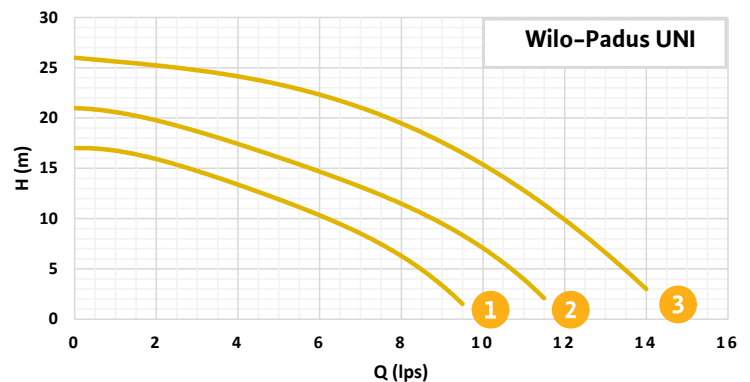

Household drainage pump for a diverse range of fluids

- Exceptional reliability owing to corrosion-free hydraulics for household drainage application
- Easy installation thanks to its low weight
- Optimum efficiency and high operational reliability
- Quick maintenance facilitated by direct access to the sealing chamber and pump housing
- AS/NZS electrical safety compliant
- Automatic operation with float can be deactivated by setting it in the upright position
- RCM Compliant

Type key
Example : PD300-EA

PD	Submersible Drainage Pump
300	Nominal Power

Wilo-Padus UNI

Design

Submersible pump for stationary and portable wet well installation for small commercial buildings

Scope of delivery

Padus UNI M ...

- Pump
- Installation and operating instructions

Padus UNI M ... KIT

- PumpAdapter set for 2½" pipe installation:
 - Threaded flange 2" (male thread) to 2½" (female thread)For screwing into the pressure port. Connection dimension pressure port: +46 mm.
 - Rubber grommet for 2½" pipeInside diameter: 75 mm, with 2x pipe clamps.
- Installation and operating instructions

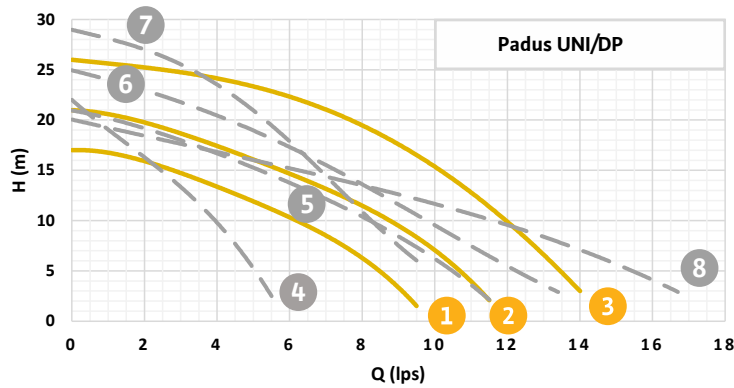

Your advantages

- Outstanding reliability, thanks to corrosion-free hydraulics for commercial applications and various fluids
- Easy installation due to its low weight, integrated capacitor on the AC motor and threaded flange
- Optimal efficiency and high operational reliability thanks to improved hydraulics
- Quick maintenance facilitated by direct access to the sealing chamber and pump housing
- Long maintenance intervals thanks to the double mechanical seal and large-volume sealing chamber
- Clog-free thanks to the integrated strainer

Wilo-Rexa MINI3

Reliable wastewater and sewage pump for household and groundwater drainage

- High efficiency and operational reliability thanks to the optimised hydraulics
- Easy installation – even in narrow drainage pits – thanks to its lightweight, compact design with integrated condenser and threaded flange
- Reliable use in a variety of drainage applications thanks to the corrosion-free impeller and sealed cable inlet
- Longer maintenance intervals thanks to the high-volume sealing chamber and double seal
- Quick maintenance facilitated by direct access to the sealing chamber and pump housing
- 10m cable [SSA-approved 10AMP plug] and integral float switch for automatic operation
- Awarded the IF Design Award 2021

Type key

Wilo-Rexa FIT-S

Design

Fully submersible grinder pump for stationary and portable wet well installation in intermittent operation.

Scope of delivery

- Pump
- Installation and operating instructions

Your advantages

- Excellent anti-clogging reliability due to radial macerator with double shear effect
- Optimised hydraulics/macerator combination for a wide coverage of delivery head
- Low overall installation costs thanks to the use of smallest possible piping
- Designed for an easy selection covering the needs of various building types
- Long service life due to high-quality motor with two mechanical seals and optional sealing chamber monitoring
- High corrosion resistance, even with non-immersed motor, thanks to stainless-steel motor housing

Price group: PG8

Wilo-ATMOS GIGA-I

Wilo-ATMOS GIGA-B

Efficient, European manufactured circulator pumps for Australia

Wilo is a world leader in circulator pumps, combining top-rate performance, German engineering and world-class materials, our high-efficiency pumps are designed to supply maximum efficiency while reducing costs.

Visit wilo.com.au or call us on 07 3907 6900 for more information

Wilo-Varios PICO-STG

Need a replacement circulator pump? The Wilo-Varios PICO is the universal replacement solution in the heating, air conditioning, cooling sector for residential buildings. Designed as an instant replacement for a huge variety of circulators, the Varios PICO-STG has unrivalled compatibility combined with

Wilo-Stratos PICO-Z

Wilo-Stratos PICO-Z is a high-efficiency, glandless circulation pump used in domestic sanitary water applications. Manufactured in Europe, the pump combines a modern display, innovative functions and unbeatable efficiency. The Stratos PICO-Z is the perfect sanitary water pump for residential and small commercial

Wilo-Yonos MAXO

Wilo technology, powerful performance and specific control functions make Wilo-Yonos MAXO an economical, high-efficiency standard pump. Yonos-MAXO makes heating systems work up to 80% more economically than a pump without speed control in large residential and functional buildings, perfect for the commercial business service market.

Wilo-Stratos MAXO

The Wilo-Stratos MAXO delivers the easiest solution for increasingly complex market demands. The pump sets new standards for system efficiency, convenience and flexibility: the perfect fit for every application. It also ensures optimal efficiency in building complexes thanks to its innovative energy savings functions.

Wilo-Stratos MAXO

Construction

Smart glandless circulator with screwed connection or flange connection, EC motor with integrated electronic power adjustment.

Application

Hot-water heating systems, air-conditioning systems, closed cooling circuits, industrial circulation systems.

Scope of delivery

- Pump
- Optimised Wilo-Connector
- Washers for flange screws (for nominal connection diameters DN 32 – DN 65)
- Gaskets for threaded connection
- Thermal insulation
- Installation and operating instructions
- Version R7: without temperature sensor

Options

- Special versions for operating pressure PN 16

Your advantages

- Various options for integration into the building management system
- Intuitive operation by application-guided settings with the Setup Guide plus the combination of a display and operating button using Green Button Technology.
- Maximum energy efficiency thanks to the combination of optimised and innovative energy-saving functions (e.g. No-Flow Stop).
- Optimum system efficiency thanks to new and innovative intelligent control functions such as Dynamic Adapt plus, Multi-Flow Adaptation, T-const. and ΔT -const.
- State-of-the-art communication interfaces (e.g. Bluetooth) for connection to mobile devices, including direct pump networking for multi-pump control via the Wilo Net.
- Maximum convenience for electric installation with the spacious and clearly arranged terminal room and optimised Wilo-Connector.

Price group: PG17

Wilo-Varios PICO-STG

Glandless circulator with screwed connection, blocking-current proof EC motor and integrated electronic power control.

- The most compatible replacement solution for all applications thanks to its revolutionary design and the new Sync function, which allows the installer to duplicate the previous pump settings into the new pump
- Easy commissioning and maintenance featuring LED display and Green Button Technology (including a button for control mode and default pump curves) and venting functions
- External control via a iPWM (Pulse width modulation) signal to be used in solar and geothermal applications
- Pump venting function
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Wilo-Yonos MAXO

Glandless circulation pump with threaded or flange connection, EC motor with automatic power adjustment.

- LED display provides complete transparency of set delivery head, speed stage or possible errors
- Simple adjustment over three speed stages when replacing an uncontrolled standard pump
- Easier electrical connection using the Wilo plug
- System availability ensured via collective fault signal
- Compact and easy to use design and features
- BMS connectivity is possible using an external Wilo-Connect module (sold separately). Require 1 per pump.
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Wilo-Stratos PICO-Z

Stainless steel high-efficiency circulator pumps

- High efficiency EC motor with frequency converter
- Stainless steel design suitable for potable water application
- Constant pressure or temperature control modes available
- Setting of pump output (delivery head) or minimum flow
- Displays current power consumption and cumulative kilowatt hours
- Display of effective flow in m3/h and temperature in °C
- Suitable for retrofitting out asynchronous circulator pumps
- AS/NZS 4020 approved for drinking water
- AS/NZS electrical safety compliant
- Regulatory Compliance Mark (RCM)

Pioneering for You

wilo

THE WILO SERVICE **A PARTNERSHIP YOU CAN RELY ON.**

THE WILO SERVICE OFFER

Versatile and individually accessible.

Wilo has a long tradition of working in partnership with professional installers, system manufacturers and operators. Our Wilo service is an essential component of this partnership: we work with you to develop a service concept tailored to your individual needs. With our expertise and personal consultation we ensure that the operation of your systems is as energy-efficient, reliable and economical as possible. Our professional Wilo service technicians are ready to assist you with fast, reliable and on-time support.

In other words, with Wilo as your partner, you can be sure of not only choosing high-quality product solutions, but also benefiting from a comprehensive portfolio of well thought-out services. This means reliable support from Wilo at every step of your project – starting from design and configuration right through to alignment and maintenance.

We call it: Pioneering for You.

THE WILO SERVICE IS THERE FOR YOU.

Our Wilo Service Partners are on duty for you.

No matter how things turn out, one call is all it takes to get support from our pump experts. They will help you quickly and professionally with direct coordination.

T +61 7 3907 6900

E service.au@wilo.com

Discover the Wilo Service offer at:

WILO-LIVE ASSISTANT

We help everyone, with everything and wherever you are!

We prevent downtime and ensure operational reliability of your pumps and systems! Whether it's questions, errors or breakdowns, you can rely on rapid support from a Wilo expert.

To provide interactive support, we have introduced facilities for live video chatting with our customers on site. This way, we can help you solve your problems as quickly as possible.

WHAT IS THE WILO-LIVE ASSISTANT AND HOW DOES IT WORK?

Using the Wilo-Live Assistant, our expert advisers can support you via video transmission – live and in real time. You use your smartphone for showing the installation set-up while the Wilo expert observes everything on screen from their remote location. Wilo expert can see the components as well as other details and can draw helpful hints on the image. If necessary, the documents you require can also be uploaded directly so that they can be made available instantly on your smartphone display.

WHAT DO I NEED TO USE IT?

All you need is an up-to-date iOS or Android smartphone with an internet browser (Safari, Chrome, Opera, Edge) and internet access. An app is not necessary.

HOW DO I GAIN ACCESS?

Access will be provided by our local service organisations, who will get in touch with you via phone initially.

If it turns out that video support can answer your questions in a faster and more targeted way during the conversation, our employees will send you an access link via SMS or email to your smartphone. After clicking on the link, you just need to enable the microphone and camera on your smartphone and you're good to go.

Your data is protected at all times. No storage takes place, and the videos are not recorded.

OUR SERVICE FOR YOU:

- Interactive live support via video chat
- Direct contact with an expert
- Just-in-time solution to ensure maximum
- operational reliability of your pumps and
- systems

Scan the barcode to view a
Wilo-Live Assistant video

PUMP ALIGNMENT SERVICE

Technical assistance supporting reliable operation.

Wilo offer clients technical onsite support to correctly align their pumps following delivery and installation of pumps to ensure accurate alignment. The pumps are accurately aligned before dispatching from our factory but misalignment does occur during transit and off-loading. It is therefore necessary that alignment is performed once more following installation and connection of pump (by others) to ensure the pump, coupling and motor are aligned accurately.

Wilo offer professional inspection of the pump installation first before undertaking alignment. Pumps should be correctly installed so that the pump is not carrying any stress from the pipework.

Please note that running long-coupled pumps without being aligned will damage the pump set and warranty will be void.

Site Alignment Service from Wilo supports many years of reliable service.

Scan the barcode to download a copy of
the Site Alignment booking form

OUR SERVICE FOR YOU:

- Pump Installation pre-visit checklist
- Alignment onsite
- Site Support

AFTER SALES SERVICE REPORT

Responsive technical support is our strength.

Contact Wilo for aftersales support to ensure responsive and smooth advice for identification of root cause to problems with operation of your pump asset. Wilo will also be able to help you to identify spare parts required for repair of your pump or support with inventory of critical spares as part of your preventative maintenance programs.

If you require onsite assistance, we can arrange for site visit by one of our Wilo Service Partners.

Wilo will use new digital tools such as Wilo-Live Assistant to help you and Wilo to quickly identify the issue and align on solution. The Wilo-Live Assistant enables live video that provides the Wilo expert real time access and understanding for your pump installation and application.

You will benefit directly from quicker and thorough resolution to meet your needs. Our qualified technical staff will support you to guarantee efficient problem resolution and maintain your asset in optimum condition for many years of long life.

OUR SERVICE FOR YOU:

- Personal instruction and guidance by a Wilo expert
- Quicker identification of root cause to onsite pump operating issues
- Checking of system and pump parameters
- Digital video technology to support accurate identification and problem solving

SPARE PARTS

Durable, reliable, available.

We supply the right spare part for your Wilo product. Contact Wilo for accurate identification or OEM parts to support long life of your pump asset. Our efficient supply chain and logistics will ensure your timely delivery of critical spares.

Scan barcode to phone us to confirm
price and availability of spare parts

OUR SERVICE FOR YOU:

- Genuine spare parts in proven Wilo quality
- Customised spare parts stock, global delivery capability
- Support in choosing the right spare parts

Terms & Conditions of Supply

The following conditions shall apply to and form part of any contract for the supply of goods by Wilo Australia Pty Ltd to the Customer including any and all contracts arising from any orders received from the Customer both verbal and written for goods or services of the same or similar type to those goods and services to which this contract applies. These conditions shall terminate, cancel and supersede any previous written or oral agreements, understandings or customs (if any) entered into between Wilo Australia Pty Ltd and the Customer. These conditions of supply replace any previous conditions of supply and may be changed by written agreement between the Customer and Wilo Australia Pty Ltd.

1. Offer and Acceptance

No quotation for the supply of goods or services provided by Wilo Australia Pty Ltd will constitute an offer for acceptance by the Customer. Any order placed by a Customer pursuant to any quotation given by Wilo Australia Pty Ltd is not binding on Wilo Australia Pty Ltd unless and until accepted in writing by Wilo Australia Pty Ltd.

2. Purchase Orders

Wilo Australia Pty Ltd will accept no order unless signed by the Customer or the Customer's agent, containing the order number and a full description of the goods to be supplied.

3. Price of Goods

The price charged for the supply of goods shall be the price effective on the date of order, unless specifically quoted at a fixed price for specific period or otherwise agreed in writing, notwithstanding that delivery may be delayed by agreement or otherwise.

4. Variations to Goods

Wilo Australia Pty Ltd reserves the right to improve or vary the goods and thereby change the specification of the goods without notice to the Customer and without incurring any liability to the Customer.

5. Indemnity

Without prejudice to any other rights Wilo Australia Pty Ltd may have, the Customer shall indemnify Wilo Australia Pty Ltd for any loss, damage or expense incurred by Wilo Australia Pty Ltd for any breach of any term of these conditions or where the Customer cancels any order or part thereof after the order has been accepted by Wilo Australia Pty Ltd.

6. Delivery

- (a) Delivery to the Customer shall be deemed to be effected when the goods are delivered to the Customer or the Customer's agent or Transport agent.
- (b) All goods shall be at the Customer's risk immediately upon delivery to the Customer or into the Customer's custody, i.e. The Customer's agent. The Customer shall insure the goods against loss or damage at the Customer's own expense.
- (c) If the Customer is indebted to Wilo Australia Pty Ltd and the Customer makes any claim pursuant to any such insurance policy, then that claim shall be made as trustee of Wilo Australia Pty Ltd and any moneys received pursuant to the claim shall be received as trustee for Wilo Australia Pty Ltd.
- (d) Wilo Australia Pty Ltd shall not be liable for any loss or damage (including consequential loss or damage) arising from delay in delivery of the goods ordered, or failure to deliver or supply any goods as a result of any cause or contingency whatsoever and the Customer shall accept and pay for the goods notwithstanding the delay or late delivery.
- (e) The Customer shall be responsible for all costs arising out of or incidental to the supply of goods including freight costs, unless otherwise agreed in writing.
- (f) Wilo Australia Pty Ltd will not accept responsibility for any short delivery or discrepancy in the quantity of goods delivered unless:
 - (i) Notification of the same is received from the Customer (confirmed in writing) within three (3) days after the date of delivery.
 - (ii) An inspection of the goods delivered, satisfactory to Wilo Australia Pty Ltd is undertaken by Wilo Australia Pty Ltd at its option.
- (g) The liability of Wilo Australia Pty Ltd with respect to proven short delivery is limited to the replacement of the missing goods.
- (h) The Customer shall be responsible for and indemnify Wilo Australia Pty Ltd for any loss or damage to the goods from the time of delivery until payment in full.
- (i) If the delivery of the goods or performance of services is affected by way of part delivery or performance, Wilo Australia Pty Ltd shall be entitled to invoice the Customer for a Pro-rata payment in respect thereof.
- (j) Wilo Australia Pty Ltd, for any reason is able only to make partial delivery of goods, the Customer agrees to accept such deliveries and pay the price of such goods as invoiced by Wilo Australia Pty Ltd.
- (k) Deliveries to third parties may be arranged at the request of the Customer but are subject to the acceptance of Wilo Australia Pty Ltd. Goods delivered to third parties pursuant to this sub-clause shall be deemed delivered to the Customer.
- (l) Request for split deliveries may be accepted at Wilo Australia Pty Ltd's discretion but may incur an extra fee.

7. Storage

Where Wilo Australia Pty Ltd notifies the Customer that the goods are ready for delivery and the Customer requests Wilo Australia Pty Ltd to hold the goods on the Customer's behalf or refuses to accept delivery, then those goods shall be held by Wilo Australia Pty Ltd at the Customer's risk and Wilo Australia Pty Ltd shall be entitled to charge a reasonable storage fee in respect of those goods.

8. Retention of Title

- (a) Ownership of the goods shall not pass to the Customer until payment by the Customer of all moneys owing by the Customer to Wilo Australia Pty Ltd. Until the payment of all outstanding moneys the Customer shall hold the goods as Bailee for Wilo Australia Pty Ltd.
- (b) Where property of the goods has not passed to the Customer, Wilo Australia Pty Ltd has the right to enter the premises of the Customer and retake possession of the goods and to resell the goods notwithstanding the occurrence of any of the following events:
 - (i) A receiver or a receiver and manager of the Customer is appointed;
 - (ii) An administrator of the Customer is appointed;
 - (iii) Winding up proceedings are commenced against the Customer;
 - (iv) Being a natural person the Customer commits an act of bankruptcy or becomes insolvent or bankrupt.
- (c) The Customer shall have the right to sell the goods in the ordinary course of business, as agent for Wilo Australia Pty Ltd and shall have a fiduciary obligation to Wilo Australia Pty Ltd with respect to the goods and the proceeds of the on-sale.
- (d) Until the goods are sold by the Customer, or paid for in full, the Customer shall store the goods separately from its own and in such a manner as to show clearly that they are and remain the property of Wilo Australia Pty Ltd.
- (e) Upon sale of the goods or any part thereof by the Customer, the Customer shall keep the proceeds of such sale in a separate account on behalf of Wilo Australia Pty Ltd and shall apply such proceeds only to the payment of the purchase price to Wilo Australia Pty Ltd.

- (f) The Customer shall account to Wilo Australia Pty Ltd in respect of goods, which are on sold by the Customer as soon as the proceeds of sale are received by the Customer.
- (g) The property in the goods supplied shall pass from Wilo Australia Pty Ltd to the Customer upon payment by the Customer to Wilo Australia Pty Ltd of all money owing to Wilo Australia Pty Ltd in respect of all goods supplied by Wilo Australia Pty Ltd.

9. Personal Property Securities

- (a) In this clause, 'financing statement', 'financing change statement', 'security agreement' and 'security interest' have the meanings given to those terms by the Personal Property Securities Act 2009 (Cth) (PPSA).
- (b) The Customer acknowledges and agrees that these terms and conditions: (i) constitute a security agreement for the purposes of the PPSA; and (ii) create a security interest in:
- (A) all Goods previously supplied by Wilo Australia Pty Ltd to the Customer (if any);
- (B) all Goods that will be supplied in the future by Wilo Australia Pty Ltd to the Customer;
- (C) the proceeds of sale of all Goods previously supplied or to be supplied; and
- (D) all present and after acquired property of the Customer, to secure payment of all moneys (including but not limited to the Price and any interest) owing by the Customer to Wilo Australia Pty Ltd. From time to time under these terms and conditions and under any other agreement or arrangement between the Customer and Wilo Australia Pty Ltd.
- (c) The Customer undertakes to:
- (i) promptly sign any further documents and/or provide any further information (such information to be complete, accurate and up-to-date in all respects) which Wilo Australia Pty Ltd may reasonably require to:
- (A) register a financing change statement in relation to a security interest on the PPS Register and otherwise do all things necessary and required by Wilo Australia Pty Ltd to ensure that any security interest registered by Wilo Australia Pty Ltd is a perfected security interest under the PPSA;
- (B) register any document on any register reasonably necessary to secure Wilo Australia Pty Ltd's interest under these terms and conditions;
- (C) register any other document required to be registered under the PPSA; or (D) correct a defect in a statement referred to in this clause 9(c)
- (ii) indemnify, and upon demand reimburse, Wilo Australia Pty Ltd for all expenses incurred in registering a financing statement or financing change statement on the PPS Register or releasing any Goods that are the subject of a security interest;
- (iii) not make an amendment demand in respect of a security interest, apply to the Registrar to register a financing change statement in respect of a security interest, without the prior written consent of Wilo Australia Pty Ltd; and
- (iv) immediately advise Wilo Australia Pty Ltd of any material change in the Customer's business practices of selling the goods which may result in a change in the use of the goods by the Customer or in the nature of the proceeds derived from the sale of the Goods.
- (d) Wilo Australia Pty Ltd and the Customer agree that sections 96 and 125 of the PPSA do not apply to the security interest created by these terms and conditions.
- (e) The Customer hereby waives its rights to receive notices, information or statements (as the case may be) under sections 95, 118, 121(4), 130, 132(3) and 132(4) of the PPSA.
- (f) The Customer waives its rights as a grantor and/or a Customer under sections 142 and 143 of the PPSA.
- (g) Unless otherwise agreed to in writing by Wilo Australia Pty Ltd, the Customer waives its right to receive a verification statement in accordance with section 157 of the PPSA.
- (h) The Customer unconditionally ratifies any actions taken by Wilo Australia Pty Ltd under this clause 9.
- (i) The Customer irrevocably appoints Wilo Australia Pty Ltd to be its attorney to do such acts and execute such documents as the Customer could personally do or execute (including the appointment of a substitute attorney) which in the opinion of Wilo Australia Pty Ltd (acting reasonably) is necessary or expedient to give effect to any right, power or remedy conferred on Wilo Australia Pty Ltd by these terms and conditions or the PPSA and to give effect to the matters contemplated by these terms and conditions.
- (j) The provisions of this clause 9 will survive termination of these terms and conditions or any other agreement between Wilo Australia Pty Ltd and the Customer for the sale of Goods, for whatever reason.

10. Limitation of Liability

- (a) Subject to the provisions of the Competition and Consumer Act 2010 (Cth) the following sub-clause applies in respect of any of the goods or services supplied under this contract.
- (b) Liability for a breach of a condition or warranty under this contract (other than any warranty or condition imposed by the Consumer Act 2010 (Cth) is limited: – In the case of goods to any one of the following as determined by Wilo Australia Pty Ltd: –
- (i) the replacement of the goods or the supply of equivalent goods;
- (ii) the repair of the goods;
- (iii) the payment of the costs of replacing the goods or of acquiring similar goods;
- (iv) the payment of the cost of having the goods repaired; and
- (v) in the case of services to any one of the following as determined by Wilo Australia Pty Ltd:
- (A) supplying of the services again;
- (B) the payment of the cost of having the services supplied again.

11. Warranty

- (a) Except for any warranty expressly given by Wilo Australia Pty Ltd, all other conditions and warranties whatsoever whether statutory or otherwise are hereby excluded insofar as the same may be lawfully excluded by agreement between the parties to the contract.
- (b) Freight and insurance for all goods returned to Wilo Australia Pty Ltd for warranty assessment must be pre-paid. Wilo Australia Pty Ltd will not accept liability for the costs of disassembly, assembly, and installation.
- (c) The Wilo Australia Pty Ltd warranty covers product and material defects and does not cover wear and tear. The installation must be in accordance with Wilo Australia Pty Ltd's printed installation and operating instructions.
- (d) Warranty is granted to the original user only and the warranty period varies from product to product and is as set out in the current published Price Book.
- (e) Any site condition or specification not known or advised to Wilo Australia Pty Ltd at the time of offering or ordering, which affects the operation of the supplied goods, will be the responsibility of the customer. Warranty will be void under these conditions and all costs related to repair will be the customer's responsibility.
- (f) Warranty is void if the goods supplied are operated at a duty point other than that specified and quoted.
- (g) Warranty is void if goods supplied by Wilo Australia Pty Ltd are stored for a period of time before installation and operation, which are not in accordance with the Operation and Installation Manual for that product.
- (h) Warranty is void if protection devices (thermistors, water in oil etc.) are installed in the goods but not used or monitored.
- (i) Any products supplied that have not been manufactured by Wilo Australia Pty Ltd shall be subject to the warranty terms of the manufacturer.
- (j) Warranty is void if the customer attempts to repair the goods and they subsequently fail.

12. Payment

- (a) Wilo Australia Pty Ltd shall be entitled to request the payment of a deposit of any such amount, as it thinks fit. The extension of credit shall be at the absolute discretion of Wilo Australia Pty Ltd.
- (b) Where credit is extended to the Customer by Wilo Australia Pty Ltd the Customer shall pay the outstanding amount, without deduction, within the term offered by Wilo Australia Pty Ltd in the Credit Account Application Form.
- (c) Without in any way limiting Wilo Australia Pty Ltd's right to require payment in full on the due date Wilo Australia Pty Ltd may charge interest on any overdue amount at the rate equal to the then prevailing Standard Contract Default Rate as published by the Queensland Law Society calculated on a daily basis for each day payment remains overdue.
- (d) The Customer agrees and consents to Wilo Australia Pty Ltd using the services of a Credit Agency from time to time to obtain information concerning the Customer (and where applicable its directors and guarantors) in order to assess the Customer's creditworthiness.
- (e) Where the Customer fails to make payment on the due date for any goods or services supplied by Wilo Australia Pty Ltd, or being a natural person commits an act of bankruptcy or becomes insolvent or bankrupt, or being a corporation by any act or omission enables the appointment of an administrator, trustee, receiver and manager or official liquidator, Wilo Australia Pty Ltd may without prejudice to any other right it may have:-
- (i) withhold any further deliveries of goods or performance of services required under any contract; or
 - (ii) suspend or terminate performance of any other contracts which Wilo Australia Pty Ltd has with the Customer; or
 - (iii) retain a lien on any goods of the Customer held by Wilo Australia Pty Ltd.
- (f) A statement in writing signed by a manager or director of Wilo Australia Pty Ltd as to the moneys owing hereunder in respect of the account of the Customer on the due date mentioned in that statement shall be prima facie evidence of the indebtedness of the Customer to Wilo Australia Pty Ltd.
- (g) In the event that the Customer (being a corporation) is rendered insolvent and Wilo Australia Pty Ltd is unable to secure the return of the goods (for whatever reason), the director/s of the Company shall be personally liable, both jointly and severally, to Wilo Australia Pty Ltd for the full replacement cost of any such goods, notwithstanding that part of the moneys owing in relation to those goods may have already been paid.
- (h) Wilo Australia Pty Ltd reserves the right to commence recovery action on any overdue amount without notice to the customer. Any legal or collection costs incurred in the recovery of any overdue amounts will be recoverable from the customer.

13. Cancellation

No order may be canceled except with consent in writing and on terms which will indemnify Wilo Australia Pty Ltd against all losses. Wilo Australia Pty Ltd shall be entitled to cancel the order by notifying the customer in writing if fulfillment is impossible within a reasonable period of time because of an incident of force majeure beyond Wilo Australia Pty Ltd's control. The same applies in the case of delayed or faulty delivery from a sub-supplier, in the event of such incidents, Wilo Australia Pty Ltd shall not be liable to pay damages to the customer.

14. Goods Returned for Credit

- (a) Subject to the prior written approval, goods may be returned to Wilo Australia Pty Ltd and credited to the Customer's account if returned to Wilo Australia Pty Ltd within 14 days of delivery, to Wilo Australia Pty Ltd's premises, in original packing in unsoiled, undamaged and reasonable condition. The goods must be accompanied by a delivery docket stating original invoice number, date of purchase, reason for return and an authorised return number from Wilo Australia Pty Ltd.
- (b) No goods will be accepted by Wilo Australia Pty Ltd for Credit if returned after a period of 14 days unless prior arrangements have been made.
- (c) No goods will be accepted by Wilo Australia Pty Ltd for Credit if the said goods were made to order.
- (d) Wilo Australia Pty Ltd reserves the right to charge a fee of 15% of the net cost price for the return of any goods.

15. Drawings and Documentation

(a) all drawings and descriptions supplied shall remain the property of Wilo Australia Pty Ltd and may not be copied, reproduced, passed onto or in any other way communicated to a third party without permission from Wilo Australia Pty Ltd. The ownership of descriptions necessary for the proper installation, starting, operation and maintenance of the supplied products shall pass to the customer upon payment. However, Wilo Australia Pty Ltd may demand that this data is treated as confidential information. (b) Unless otherwise agreed upon by Wilo Australia Pty Ltd in writing, standard Wilo Australia Pty Ltd documentation shall be provided in all cases. A variation to standard documentation requires prior written approval and may be subject to additional costs. Wilo Australia Pty Ltd shall not be liable for any delays as a result of noncompliance with non-standard documentation requests.

16. Guarantee required by Wilo Australia Pty Ltd, where the Customer:

- (a) is a proprietary limited company; or
- (b) is a person to whom Wilo Australia Pty Ltd would not otherwise supply goods on credit without the assurance of a guarantor; Wilo Australia Pty Ltd will not supply goods on credit unless and until the guarantee annexed hereto is executed by a person of acceptable financial standing and credit worthiness as determined by Wilo Australia Pty Ltd in its sole discretion.

17. Applicable Law

These conditions of supply shall be governed by and construed with the laws of Queensland and the parties agree to submit to the nonexclusive jurisdiction of the Courts of Queensland in Brisbane.
