

## **Guideline REACH (EG 1907/2006)**

Dear Ladies and Gentlemen,

We kindly ask you to certify that the products that your company is delivering to us comply with REACH (EG 1907/2006) in its current valid version.

This certification must refer to all products delivered to the WILO SE; this includes the materials as well as all auxiliary substances and additives used during the manufacturing process: including also packaging materials, labels, etc.

According to the requirements of the REACH regulation; we would like to ask you to inform us if you are using any substances from the REACH candidate list (SVHC list) in a written way, structured as a table.

In order to confirm the above-mentioned requirements, the WILO attached document can be used as a template or format. Alternatively, an own declaration of conformity can be used containing the following minimum requirements: delivered products, conformity declaration related to the last version of the guideline considered, date, and signature.

For your understanding and support, thanks a lot in advance.

With best regards

Wilo SE  
Group Purchasing
