Weil Agent Training Registration

Experience the Weil Difference

Weil representative trainings are back in session!

Agent Training is great for any new Weil sales reps, as it gives them the opportunity to completely grasp the entire product offering. As for our more experienced reps, Weil has rolled out a lot of new products in the past year and there's no better way to learn about them than seeing them in person! Training sessions last for two days, during which you'll have the chance to:

- *Tour the new Wilo USA Headquarters and production facility*
- *Preview newly released products*
- *Broad overview of all Weil offerings*
- *Observe first hand how Weil pumps and panels are built*
- *Learn how to effectively utilize Weil's online tools & resources*
- *Review common pump troubleshooting procedures*
- *Experience Weil pump testing procedures*
- *Meet the Weil team and your personal Customer Service Rep*
