Bucks win NBA Cup against Oklahoma City Thunder in Las Vegas

**Dortmund/Milwaukee/Las Vegas.** The Wilo Group sends congratulations to the Milwaukee Bucks on their victory in the NBA Cup. The U.S. basketball team emerged as champions in the final of the NBA In-Season Tournament, held at the T-Mobile Arena in Las Vegas, defeating the Oklahoma City Thunder with an impressive 97-81 score. A few weeks ago, the multinational technology group Wilo and the Milwaukee Bucks announced a global sustainability partnership.

"Congratulations to the Milwaukee Bucks on their NBA Cup triumph. This is just the beginning of many more victories to come as we continue to collaborate as sustainability partners," says Oliver Hermes, President and CEO of the Wilo Group, the day after the final game. "We look forward to everything that lies ahead: Sporting successes on the court and sustainability successes off the court! The entire Wilo family joins in celebrating this achievement with the Milwaukee Bucks."

With the sustainability partnership announced at the end of September, Wilo and the Milwaukee Bucks have committed themselves to working together on joint sustainability projects and initiatives. Wilo is also the first partner for the Bucks' warm-up jerseys and appears on the digital boards of the Fiserv Forum. The Bucks' home arena is equipped with products, systems and solutions from Wilo.
