

Pioneering for You

A WILO BRAND

*For water supply, constant pressure and boosting applications*

## MVI

High-pressure Vertical Multistage Centrifugal Pumps

## MVI

- Water supply and pressure boosting
- Industrial circulation systems
- Process water
- Cooling water circulation systems
- Washing systems
- Irrigation

Pioneering for You

### Features & Benefits

- Non-self-priming, high pressure, vertical multistage centrifugal pump with inline connections.
- The MVI is equipped with cartridge mechanical seal which enables quick and easy maintenance.
- The spacer coupling allows the mechanical seal to be replaced without removing the motor.
- The MVI series is also available with variable frequency drive upon request.

### Technical Specifications

- NSF/ANSI 372 and 61 certified
- Power connections: 1~115/230 V, 3~ 230/460/575 V
- Fluid temperature range determined by liquid type
- Ambient temperature: +32°F to +104°F
- Max. operating pressure: 145 PSI, 232 PSI, 363 PSI and 435 PSI (Depending on number of stages)
- ANSI Class flange connection
- 304 Stainless steel construction (316 Stainless steel construction available upon request).
